Paint along with Carole in the comfort of your home!

Carole has introduced a new ONLINE WORKSHOP - a **step-by-step tutorial** taking you from the initial sketch to a completed painting... like painting with her in her studio - one-to-one.

We will be looking at how to approach painting woodland and backlit trees using a loose approach, creating strong contrasting lights and darks using rollers, mark making with card and large brushes and putting your own interpretation on the subject to create something that is exciting and holds the viewers attention.
